Dear Mr. Pfeifer,

Sorry to bother you but I have tried twice today to get you on the phone without success. I want to know if I may go up to our Convention at Syracuse Tuesday, Wednesday and Thursday of next week. I would not suggest it but do not believe -in fact feel sure-you have no intention of calling me. Of course if there is any chance of the case ending early in the week and my getting out to Frances nothing could tempt me to stir.

I have to make R.R. and hotel reservations etc. so would like to know. Could you tell Frances the answer and I will call her tomorrow night and

get it.

Very sincerely yours

Nov. 25th. 1926.

Sae

Peter
